Thank you for your interest in Tanis J Events! We provide the highest quality draping to transform your wedding or event in Charleston, SC and surrounding area. The Tanis J Events difference:

- We have been in business since 2009 & are a licensed & insured draping design firm
- We include a site visit and design meeting to ensure the design will work in your venue
- We are a boutique firm and you deal with Tanis J throughout entire process
- We are certified with the Institute of Wedding and Event Design (IWED)
- We book a maximum of two draping installations per day to ensure we have sufficient time in the event of scheduling adjustments
- All of our professional grade hardware is adjustable in height and width
- We keep our reusable fabrics in stock allowing for shorter lead time and for clients to view the fabrics, ties and embellishments in advance
- We offer a variety of ties and embellishments to personalize your draping
